MAKING A WORLD OF DIFFERENCE

# Clean Hands Project

Health Walk

Imagine you were going to build a new school. What key things would you need to put on the plan for your building?

What do we need to make the toilets work?

Do toilets all over the world look like this?

Which country do you think has toilets like this?

Move the picture to see if you were correct.

Toilets at Mkanakhoti School.

## Malawi Health Walk

Now let's go and do our own Health Walk!
